Orolia will develop an installation, configuration, and training plan for all key components. Training materials will be designed to facilitate easy adoption of the Orolia VMS solution for both users and administrators of the system. Training materials will include on-site instructor-led classroom sessions, train-the-trainer sessions, computer-based training sessions, live and recorded webinars, in-line job aids, in-application assistance, and any customized training to ensure training relevancy, comprehension, and effectiveness.

Comments on the terms of the Declaration (To be completed by the participants)		
Warranty is usually one year, but we do offer maintenance and support during complete lifespan of the software. Based on the 6 years of warranty requested, we would recommend a hardware refreshment after 4 or 5 years of operation. It's usually what we do for any maintenance contract > 5 years. This would allow to let the Authorities, at the end of the contract, with a system running well on new hardware. Such refreshment needs to be integrated in the requirements and budgeted Commentsoneducation / training (To be completed by the participants) Orolla will develop an installation, configuration, and training plan for all key components. Training materials will be designed to facilitate easy adoption of the Orolla VMS solution for both users and administrators of the system. Training materials will include on-site instructor-led classroom sessions, train-the-trainer sessions, computer-based training to ensure training relevancy, comprehension, and effectiveness. Comments on the clauses (To be completed by the participants) NIL Comments on the terms of the Declaration (Financialandtechnicalcompétencesofthetenderer, timeofsubmissionoftenders, etc.) (To be completed by the participants) NIL Statement / ProvisionsonConfidentialityofinformation (* Paragraph3 oftheannouncementofthecaliforthe#ublicConsultation) (Completelycompletedbytheparticipants)	Commentsonwarranty-technicalsupport - maintenance
